

## REACH Policy Statement

Quick Circuits is a Printed Circuit Board Manufacturer and Assembler and as a responsible company we uphold the principles of the European Union, in the use of chemical substances, adhering to Registration, Evaluation and Authorisation of Chemicals (REACH) Regulation (EC) No: 1907/2006.

- Within the meaning of REACH, our company is a downstream user of chemicals
- REACH compliance contact, at Quick Circuits, is Technical and Quality Assurance Manager, Abdul Morad
- We fully understand our duties as a downstream user, and the broad duties of our suppliers and customers
- If we supply articles to you that we have imported from outside the EU/EEA, we will fulfill the duties as importer
- The products we supply are classified as “articles” in the REACH Regulation.
- We have been informed by our suppliers that all substances they supply to us we supply will be pre-registered
- We do not anticipate any disruption to the supply of our products due to suppliers withdrawing their products from the marketplace
- In accordance with Article 33 of REACH (Duty to supply relevant data on composition of Articles), we will supply information on any Substances of Very High Concern (SVHCs) that are contained at concentrations greater than 0.1%w/w in the articles we supply to you. This disclosure includes Carcinogens, Mutagens and Reprotoxic Substances, Categories 1 & 2 (CMRs), substances that are Persistent, Bioaccumulative and Toxic (PBTs) and substances that are very persistent and very bioaccumulative (vPvBs). This information will be provided when the “Candidate List” of SVHCs is published by the European Chemicals Agency. Details of any relevant substances will include the correct name using standard chemical nomenclature and the CAS and EC numbers (if available)
- In accordance with guidance from the Health & Safety Executive, which is the Competent Authority in the UK, we are aware of every substance in every consumable present on our site and those that are contained in the articles we supply. The listing of substances has been independently audited by chartered chemists and cross-referenced to the ECHA database for hazard classification purposes
- The articles we supply do not intentionally release any substances.

Mick Prater  
Director
