

## Source of Precious Materials Policy Statement

Quick Circuits is a Printed Circuit Board Manufacturer and Assembler and as a responsible and committed company we uphold the principles of the Universal Declaration of Human Rights, the OECD Guidelines for Multinational Enterprises, the principles of the United Nations Global Compact and our responsibility for environmental stewardship

Quick Circuits adheres to the principles and ethical values of responsible sourcing of precious materials. We are accountable to our customers with a commitment to supplying quality products in strict compliance of the laws and with the accepted safety and environmental standards.

Quick Circuits procures most of the materials used in its products from leading manufacturers and suppliers who confirm to adhere to the laws and regulations of responsible sourcing and procurement of raw materials. Where precious metals are not obtained by means of recycling of secondary materials, documents such as certificate of origin, smelter list, business registration and export licences are available on request.

We hope that this information will be helpful. If you have any further questions, please do not hesitate to contact us.

Mick Prater, Director
